**VC 450 Black Head**

# SAFETY PRECAUTIONS

- The purpose of the safety precautions in this manual is to ensure safe and correct use of the unit to minimize risks that could cause serious damage and injury to you or other persons. The safety precautions are divided into WARNINGS and CAUTIONS. Cases where improper handling of the unit could lead to death or serious injury are listed under the "⚠WARNING" heading. However, the cases listed under the "⚠CAUTION" heading could also lead to serious results. To ensure the safety, adhere strictly to both types of safety precautions.

⚠ WARNING	Improper handling of the unit could lead to death or serious injury.
⚠ CAUTION	Improper handling of the unit could lead to serious results depending on the circumstances.

- Text set off by the exclamation mark contains information that should be strictly adhered to.
- After reading the instruction manual, store it in an easily accessible place where the user(s) of this product can easily find it.

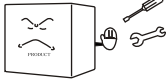

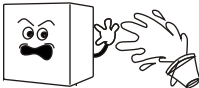

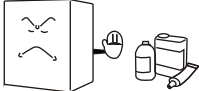

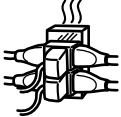

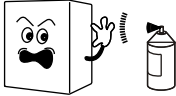

## PRECAUTIONS FOR INSTALLATION

⚠ WARNING

Installation should be performed only by the dealer or a qualified expert. Attempting to install the unit yourself could result in water leakage, refrigerant leakage, electrical shock, or fire.

## PRECAUTIONS FOR INSTALLATION

⚠ WARNING	
<div><p><b>DON'T TAMPER</b></p></div> <p>Installation should be performed only by the dealer or a qualified expert. Attempting to install the unit yourself could result in water leakage, refrigerant leakage, electrical shock, or fire.</p> 	<div><p><b>ELECTRICAL SHOCK HAZARDS</b></p></div> <p>Never splash water directly onto the product or wash with water as short circuit and electrical leakage could result.</p> 
<div><p><b>DANGER OF EXPLOSION</b></p></div> <p>Never put flammable or volatile substances into the unit as explosion and fire could result.</p> 	<div><p><b>PROHIBITED</b></p></div> <p>Do not damage, modify, excessively bend, strain, twist or bundle up the power cord. Sparks from electrical switches could result in explosion and fire</p> 

# SAFETY PRECAUTIONS

## ⚠ WARNING

The cooler is intended for storage and display of beer and beverage for sale. Do not use for other purpose than the intended as this could adversely affect items placed in the unit.

ROTATING  
DEVICE

Never attempt to insert fingers, sticks, etc. fan is rotating at high speed inside the outlet. Injury, electrical shock and improper operation could result.

PROHIBITED

For indoor use only. Using the unit in a location exposed to rain could result in electrical leakage and electrical shock.

PROHIBITED

Never place heavy objects or items containing water on top of the unit. Objects could fall down and cause injury and spilled water could deteriorate the insulation of electrical components and result in electrical leakage.

Install the unit in a location where the floor is sturdy enough to support the load of the unit. If the floor is not sturdy enough or installation is incorrectly performed, the unit could tip over and falling shelves and products could cause personal injury.

CAUTION  
AGAINST  
EXPLOSION

If you find gas leakage, please don't touch the cooler and close gas and open the door for ventilation. Gas leakage cause explosion, fire and fire injury.

Store the unit in a location where it is not exposed to rain. Using a unit that has been exposed to rain could result in electrical leakage and electrical shock.

Away from hot air sources. Cooling performance is reduced if the unit is placed near heat sources such as hot plates and stoves and if it is exposed to direct sunlight.

Leave disassembly and disposal of the unit to qualified experts.

Should the unit need temporary storage, make sure not to store the unit in a location where children play and take precautions so that the door cannot be completely closed. This will minimize the risk that a child becomes trapped inside the compartment.
