

TRUFROST & BUTLER

Blending a heady mix

Commercial Blenders with Acoustic Enclosure - Premia series

Butler TruBlend blenders are ideal for cafe's, foodcourts, juice bars, restaurants, bars and clubs. Their simplicity lies in their 'easy-to-use' manual controls; a variable speed dial and pulse button which allow you to have just as much control as you might want from a professional machine. ITruBlend AQ Premia model features an advanced acoustic enclosure that reduces blending noise by up to 80% without compromising on its ruggedness or your customers' experience, digital controls, advanced metal gear connector and metal seal connector. The specially designed 1.5L jar and rugged blades crush ice in seconds in blended drinks and is perfect for making frothy milkshakes, smoothies, frappes, juices and cold coffee.

Technical Specifications
